PROFESSIONAL SUMMARY

Front End Developer with 3 years of experience building dynamic, responsive web applications. Proficient in **React, JavaScript, HTML, CSS, PHP, MySQL, Firebase, and CMS systems**. Strong knowledge of **SDLC and Agile methodologies**, with a proven ability to deliver user-friendly, high-quality solutions. Skilled in **collaboration, problem-solving, and adaptability** in fast-paced environments. Passionate about continuous learning.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), PHP, HTML5, CSS3
- **Front-End Development:** ReactJS, jQuery, AJAX, Tailwind CSS, Bootstrap, Responsive Design
- **Back-End Development:** Node.js, Firebase, MySQL, REST APIs, Express.js
- **Development & Tools:** Git, Docker, AWS (Basic), Chrome DevTools, Jest, AI tools
- **Project Management & Practices:** WordPress (Advanced), Testing, Debugging, Agile, Scrum, SDLC, Accessibility (WCAG/AODA), Pair Programming

WORK EXPERIENCE

The Barrett Centre – *Front End Developer (React)*

May 2024 – Sep 2024

- Developed a responsive recipe website using ReactJS and Bootstrap, improving usability by 30%.
- Integrated dynamic routing with React Router and reusable components for scalability.
- Conducted accessibility audits and implemented WCAG/AODA improvements.
- Delivered consistently within Agile sprints and participated in daily stand-ups.

Freelance Front-End & Web Developer

May 2022 – Present

- Collaborated with clients to design and develop custom web applications.
- Delivered responsive, performance-focused, and accessible interfaces across devices.
- Worked with Agile principles and communicated directly with stakeholders to meet business requirements.

Africompassion Organization – *Web Developer*

Jan 2024 – Apr 2024

- Built and launched a responsive donation platform, reducing bounce rate by 25% and increasing donations by 20%.
- Ensured mobile-first performance and optimized UX flows for higher engagement.
- Collaborated with stakeholders to gather requirements and deliver a tailored solution.

Full-Stack React Developer | Buy More Dollars

Feb 2024 – Apr 2024

- Built an interactive scratch-and-win web app using ReactJS, Canvas API, and Firebase Authentication.
- Used Regex for form validation and local storage for managing gameplay data.
- Increased user engagement by 40% through smooth interactivity and responsive gameplay.

EDUCATION AND CERTIFICATES

Honours Diploma in Web Development – Durham College

Sep 2022 – Jun 2024

- College Honour Roll | Key Courses: JavaScript, ReactJS, MySQL, UX Design, Software Testing.

Software Engineering Program – Conestoga College

Sep 2020 – Oct 2021

- Completed foundational studies in Software Engineering, including programming (C, C++), algorithms, and data structures.

Meta Advanced React Certificate – 2025.

- Advanced Hooks, APIs, State Management, Unit Testing (Jest)

Docker Foundations Professional Certificate – Docker Inc – 2025

- Containerization, Docker CLI, image management, deployment basics

PROJECTS

Recipe Website – The Barrett Centre

May 2024 – Sep 2024

<https://template.muayadtech.ca/>

- Developed a dynamic, responsive recipe website using **React** and **Bootstrap** to enhance user engagement and accessibility.
- Followed Agile principles to ensure iterative development and timely delivery.
- Demonstrated strong time management skills by accurately recording time and meeting project deadlines in fast-paced environments.

Buy More Dollars – React Project

Feb 2024 – Apr 2024

<https://buymoredollars.muayadtech.ca/>

- Game Development: Created a scratch-and-win game with **React**, **Firebase** and **Firebase Authentication** for secure registration and login after collaboration with designer.
- Data Management: Used **Regex** for form validation and local storage for data handling.
- Interactive Gameplay: Integrated **canvas** and mouse inputs for interactive gameplay and boosting user engagement by 40%.

Full-stack Web App – Easy Groceries

Jan 2024 – Apr 2024

<https://easygroceries.muayadtech.ca/>

- Backend Development: Built a full-stack website with **PHP**, **MySQL**, **jQuery**, **Sammy.js**, and **AJAX** using **Foundation CSS Library** and **CSS** for Responsive Design.
- Secure User Authentication: Developed secure **login** and **sign-up** functionality.
- Dynamic Shopping Cart: Implemented a real-time update for shopping cart, enhancing user experience by 50%.
